It's designed primarily to help give players insight into their failures One of the biggest criticisms of the game, especially compared to the more accessible Fortnite Battle Royale, is that PUBG's steep learning curve and the unforgiving structure of its lengthy multiplayer matches makes it difficult to meaningfully improve.. PUBG Corp and Minkonet say the killcam will also be used as a method for detecting in-game cheating, as the replay will provide video evidence of any hacking of PUBG's code to grant more precise aiming, faster movement, or other cheats that undermine the game's competitive e-sports appeal.. That's especially true when a player might spend the better part of 15 to 20 minutes without seeing another human only to unsuspectedly die in an unexplained fashion..
